The *Iterate | Elaborate* exhibition was developed by Leigh Schoenheimer in partnership with Onespace Gallery. The Tour of *Iterate | Elaborate* exhibition is presented in collaboration with Flying Arts Alliance.

Exhibition Title:

Iterate | Elaborate

Artist:

Leigh Schoenheimer

Touring:

Jan 2020 – Dec 2021

Exhibition description: Leigh Schoenheimer is a Brisbane based artist who conducts a multi-disciplinary, contemporary art practice. Through the genre of still-life painting, Schoenheimer poses questions about what it is 'to make pictures'. By contrast, her sculptural works are playful assemblages, which reflect both her sense of humour and her bowerbird curiosity.

In recent years, these two separate areas of her work have collided in a series of paintings with associated sculptures called "Ways of Seeing/Ways of Knowing: Constructions". In the manner of their titles, these colourful still-lives investigate the relationship between **perception** (*seeing* a subject) and **meaning** (*knowing* a subject). Previously exhibited at Onespace Gallery, **Iterate I Elaborate** completed a trifecta of exhibitions on this theme - the two prior shows being held at the Redland Art Gallery and the Stanthorpe Regional Art Gallery.

Schoenheimer's whimsical use of found objects and pieces of brightly coloured timber toys spark familiarity and joy. Seductive colour schemes tie her complex works together and are fundamental to both a delicious viewing experience and the creation of meaning in **Iterate I Elaborate**.

This tour package brings, not only a wonderful suite of artworks, but a significant Visual Arts Education focus (primary, secondary and art educator tailored) with learning resources directly linking artworks to curriculum. An extensive case study of Leigh's work has been included in the Cambridge University Press text book, Creative INQUIRY Visual Art for Queensland Senior Secondary Students - see link: https://docs.wixstatic.com/ugd/elc602_c10d6fe30a174433a384ecf7_a6597814.pdf
