

TEQ RAP Artwork Commission Brief

CIAF & TEQ 2020 ART COMMISSION

Expression of Interest

BACKGROUND

Tourism and Events Queensland (TEQ) recognises the importance of Queensland Aboriginal and Torres Strait Islander cultures and heritage, and together with Cairns Indigenous Art Fair (CIAF) have developed an Art Commissioning Project to source work for the TEQ Reconciliation Action Plan (RAP).

Tourism and Events Queensland is excited to be joining a significant community of organisations committed to Aboriginal and Torres Strait Islander advancement. The purpose of the TEQ Reflect RAP is to advance TEQ's contribution to reconciliation. TEQ's priority is to establish and develop respectful, trusting, and mutually beneficial relationships with Aboriginal and Torres Strait Islander businesses and communities across Queensland, and other critical Aboriginal and Torres Strait Islander stakeholders.

The Queensland economy is underpinned by a strong tourism and events sector and there is significant opportunity for increasing Aboriginal and Torres Strait Islander employment, procurement, and business opportunities in this sector. Tourism and Events Queensland sees the RAP framework and process as an opportunity to not only support the Queensland government in implementing their RAP, but to leverage TEQ's experience and expertise to assist Aboriginal and Torres Strait Islander peoples and businesses achieve their economic aspirations.

TEQ is comfortable with the selected artist bringing their own interpretation to the project, however artists may like to consider the role tourism and events can play in reconciliation, as a basis for inspiration.
